# SAFETY WARNINGS

## WARNING

Read all safety warnings and instructions. Failure to follow the warnings and instructions may result in injury and/or property damage. Save all warnings and instructions for future reference.

The warning and safety instructions in this manual are not meant to cover all possible conditions and situations that may occur. Common sense, caution and care must be exercised when operating or cleaning tools and equipment. Always contact your dealer, distributor, service agent or manufacturer about problems or conditions you do not understand before operating the product.

- These ceramic skulls are heat-resistant when used with standard gas fireplaces and under non-extreme heat conditions. Wet ceramics should never be placed on a fire; allow them to dry completely before burning. Though rare, wet ceramics could crack or pop out when they become hot. After several burns, the ceramics may develop a residue or discoloration from charring.
- **Prop 65 Warning:** Combustion byproducts produced when using this product contains chemicals known to the state of California to cause cancer, birth defects or other reproductive harm. Handling the material on this product exposes you to lead, a chemical known to the state of California to cause cancer, birth defects or other reproductive harm (wash hands after handling this product). For more information go to this website [www.P65warnings.ca.gov](http://www.P65warnings.ca.gov).
- Great for all types of fireplaces propane fireplace, gas fireplaces, vented/vent-free fireplaces, natural gas, gel, standard fire pits, electric fireplaces, etc.
- Minor carbon deposits resulting from combustion is natural and adds to the realistic appearance of the set. If carbon becomes excessive it can be lightly brushed or vacuumed away.
- DO NOT COVER OR CLOG GAS ORIFICES. THIS WILL CAUSE INCOMPLETE COMBUSTION AND THEREFORE SOOT.
- Ceramic skull logs should be keep at least 2 to 4 inches above of the gas orifices. Especially do not cover the ignition hole, also no obstacle (logs, particles, etc) between the ignition fire hole and ignition needle.
- Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance.
- If You Smell Gas:
  - Do not try to light any appliance.
  - Do not touch any electrical switch.
  - Do not use any phone in your building.
  - Immediately call your gas supplier from a neighbor's phone, follow the gas supplier's instructions.
  - If you cannot reach your gas supplier, call the fire department.

## SAVE THESE WARNINGS.
